For Country Properties in Kent and East Sussex

mulberry cottages

The **Calcutt Maclean** 'family' of businesses offers a range of services in Kent and East Sussex, covering the **sale of country & village houses, residential lettings & management, holiday lettings and overseas property.** The businesses operate in association with one another, with each being separately owned and managed.

They are committed to providing a high standard of personal service for their clients through good, traditional estate agency methods, using expertise gleaned from many years in the property market. They are well qualified to promote the advantages of a national approach to marketing, with the benefit of extensive local knowledge – an invaluable combination.

The offices use the most up-to-date technology, widespread advertising, the leading property portals and e-mail to reach prospective buyers and tenants. Modern marketing techniques, an excellent website and a presence in London attract the attention of an audience there, nationwide and internationally, as well as in Kent and Sussex.

Christopher Calcutt, Nigel Maclean and Ian Standen are Chartered Surveyors, Sarah Wood is a member of ARLA and their offices are members of the Property Ombudsman Scheme, meeting the stringent standards required by their respective Codes of Practice.
